

Coronavirus (COVID-19)

We know coronavirus is a concern for everyone.

We have taken all advised precautions internally to help keep our people, and our business, safe.

Please help us to minimise the risk while you're here by:

- Not entering the building if you've been to a coronavirus hotspot in the last 14 days
- Following handwashing guidance
- Avoiding shaking hands
- Catching any coughs or sneezes into a tissue and throwing the tissue in the bin

Thank you
