

Towngate® 610 x 305 x 18

Towngate® is a range of responsibly sourced sawn sandstone, perfect for adding some natural character to your garden. Unlike more premium ranges of Marshall's Natural Stone, it is loosely colour-selected, resulting in a more random, yet charming colour variation once installed. Available in a popular four-size project pack and three cool-toned colours, Towngate® is the perfect match for those looking for a sawn patio on a smaller budget.

Have complete confidence in the stone you buy, Towngate® meets Marshall's Stone Standard.

All of the tips and tricks you need to install your natural stone patio can be found [here](#).

DESCRIPTION	
Appearance	Fine grained, hard sandstone, varies from dark buff to brown with a sawn finish
Geological Type	Sedimentary Sandstone
Quarry Location	Quarries in the Rajpoora region of India
Base Raw Material	Natural Stone
Governing Manufacturing Standards	All data where relevant to be established in accordance with BS EN 1341 : 2012
UKCA Marking/DOP	www.marshalls.co.uk/dop

Towngate® 610 x 305 x 18

PHYSICAL PROPERTIES

Work Dimensions (mm)	610 x 305 x 18
Nominal Dimensions (mm)	610 x 305 x 18
Abrasion Resistance (mm)	≤ 23mm (Wide Wheel Abrasion Test)
Material Density	2600 kg/m³ (typically)
Slip/Skid Resistance (polished)	> 45 PSRV
Slip/Skid Resistance (unpolished)	58 USRV
Transverse/Flexural Split/Breaking	13.0 MPa (minimum)
Water Absorption (%)	1% maximum

SPECIFICATION

Approx unit weight (kg)	8.3
Installation	Available on request Keep all units dry before laying & protect incomplete workings during adverse weather or freezing conditions

Suitability	Domestic use only
-------------	-------------------

SUPPLY

Av. Pack Size m2	23.81
Av. pack weight (kg)	1107

FURTHER INFORMATION

Cleaning & Maintenance	Available on request
Weathering	Both natural and reconstructed stone products are affected by the action of sunlight and rainfall over time. Weathering It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual units. This does not in any way affect the performance of the units and any such variation will diminish over a period of time as the product matures. Natural stone may show brown colouration as its iron content oxidises
Product Evolution	Marshall's reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice
Contact Us	For technical information on the design, specification and construction when utilising the product, contact Group Technical Services on 0370 411 2233
