Marshalls – A History

Marshalls is the UK's leading hard landscaping manufacturer, and we have supplied some of the most prestigious landmarks in the UK with hard landscaping since the 1890's. Market leader in our field Marshalls supplies superior natural stone and concrete hard landscaping products along with water management, street furniture and walling solutions for a demanding construction industry.

Marshalls brand values are based on trust, honesty and integrity in all of its activities. Our mission is to create better landscapes by bringing to life the landscaping visions of architects, contractors, town planners and civil engineers.

Why Choose Marshalls?

Marshalls are specialists in the supply of shelters for schools. We have many years experience in supplying to the education sector and understand the needs of our customers. We offer a wide range of shelters, cycle shelters, cycle racks & stands and outdoor classrooms. The range features product for all types of project and to suit any budget. We offer nationwide coverage on all our products.

With this experience and wide product offer, Marshalls can take the stress out of what can be a time consuming and disruptive project. We like to work closely with our customers and make sure that things run as smoothly as possible and they receive the best service possible. With over 120 years in business, Marshalls are proud of the exceptional service that we deliver. Customers can take reassurance in this as Marshalls will continue to support them post purchase.

Free Site Visit

A free site visit from one of our experienced technical consultants is available, with no obligation to buy. They will assess your needs and make suggestions on the best product for your requirements. From this initial visit we can then pull together a quotation and discuss the next steps of the project if you are happy.

10 Year Warranty

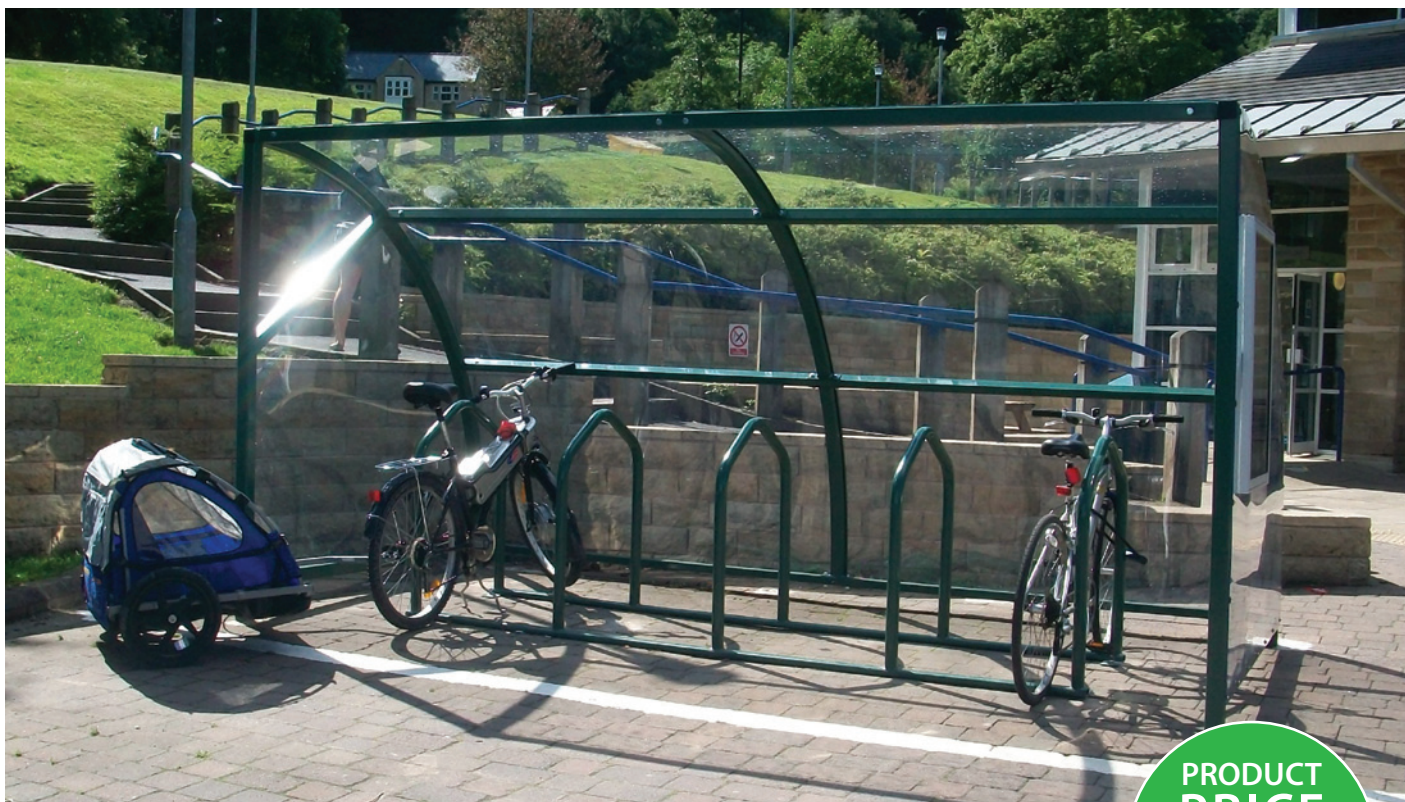

Marshalls offer a 10 year warranty on products which feature the zinc rich primer and polyester powder coated finish. The warranty covers the product against rust and corrosion. If the product is correctly maintained and starts to rust or corrode within this period, then we will come to site and repair the product.

Installation

Marshalls offer a complete installation service on all our shelters. Our experienced team are CRB checked and will work with customers to ensure installations are managed in a professional manner, leading to minimal disruption on site.

Velozone

Bankside

Bankside Bikeshed™ Cycle Shelter, London School of Economics

Bankside Bikeshed

The Bankside Bikeshed was conceived by Architect, Martin Ebert from Studio Meda as part of competition to design a cycle shelter run by Better Bankside, a business improvement district in London. The Bankside Bikeshed was nominated the winner. The minimal design is to ensure that this shelter blends in with the surrounding area and make it extremely economical per cycle space. It holds up to 24 cycles and comes with integral cycle rack and can be extended by increments of 4 cycles.

- Height: 2400mm
- Length: 6000mm
- Width: 3600mm
- Stores 24 cycles as a single shelter but can be extended by increments of 4 cycles by adding a 1000mm extension
- Available finishes are;
 - galvanised
 - galvanised and powder coated or
 - zinc rich primer and powder coated (comes with 10 year warranty)
- Surface fixing available

How to Order – Call us on 0870 600 2425

1. We recommend that one of our Technical Consultants visits you to discuss your requirements and look at the site to identify any potential issues. They will assess the site and make a recommendation based on your requirements.
2. Once a visit has been undertaken, we can supply you with a quotation for the product, and if you require it, installation. Our installation team are highly competitive and know our product extremely well, so we would always prefer that you utilise this service. All our team are experienced in working in schools and have been subject to CRB (Criminal Records Bureau) checks. Sites will be managed carefully ensuring that the surrounding areas are safely secured to prevent child access. Importantly the surrounding area will be restored to its original state upon completion.
3. If you are happy with your quotation, please contact our sales team and notify them that you wish to proceed with your order. Please provide a purchase order as confirmation of approval to proceed.

£50 **halfords** voucher with every Shelter purchased

FOR A LIMITED TIME ONLY

Cycling is a great way to get children to be more active and improve their wellbeing. As part of a well structured sustainable travel plan, cycling is great for school children of any. To encourage this in schools, Marshalls are offering a £50 Halfords voucher with every shelter. This is not limited to a single purchase, for every shelter purchased, we will issue a £50 vouchers. The offer is available for a limited time only. So don't delay in placing your order.

The vouchers can be used by the school at their discretion, but typical uses could be a raffle to raise money for further cycling improvements or used to purchase equipment for the school.

To qualify for the vouchers the following terms and conditions must be met;

1. Only shelters featured in the brochure are covered by this promotion.
2. Offer not to be used in conjunction with any other offers.
3. Offer applies to each shelter purchased.
4. Vouchers will only be supplied upon project completion and receipt of payment.
5. Vouchers may have expiration date and will not be reissued should date lapse prior to use by recipient.
6. No cash alternative will be offered.
7. Offer valid on orders placed before 31st March.
8. Marshalls reserve the right to change or remove the offer without notice.
