Random rock	For riverbed remediation	✓		✓
Pecked rock	For riverbed remediation			✓

# Sands and Aggregates

Order high quality groundworks materials direct from Marshalls Sands and Aggregates.

For highways, road and pavements, hi-grade subbase aggregates and sands to British Standard requirements or better.

Delivered direct to site or collected by arrangement. The maps indicate the distribution coverage of each quarry.

See the table opposite for the range of quality aggregates and sands available from each location.

## SCOUT MOOR QUARRY

POSTCODE: BLO 0RQ

**Scout Moor Quarry**  
Edenfield Road  
Edenfield  
Bolton  
BLO 0RQ

Scout Moor Quarry forms part of the Western Pennine Upland area to the east of the Irwell Valley, above Edenfield in the district of Rossendale, Lancashire, a short drive to junction 1 of the M66. The aggregates crushed are formed from a Namurian Mill Stone Grit deposit.

## HOWLEY PARK QUARRY

POSTCODE: WF12 7JJ

**Howley Park Quarry**  
**Quarry Lane**  
**Dewsbury**  
**WF12 7JJ**

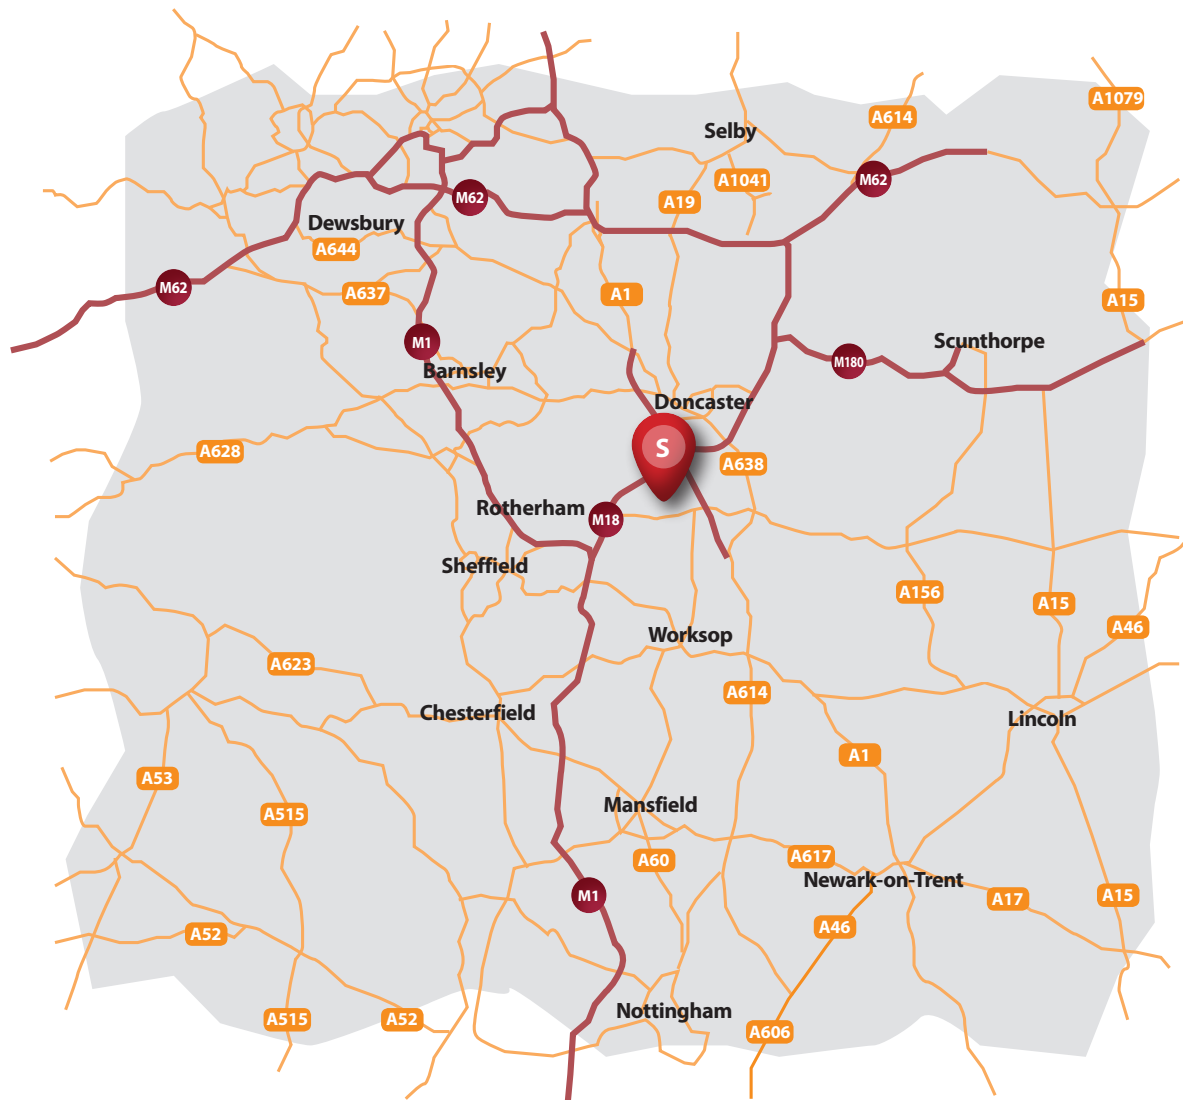

Howley Park Quarry is situated off Junction 28 of the M62 at Dewsbury. Its location offers quick and efficient access to Leeds and most other destinations in West Yorkshire. The quarry deposit is a light Ferruginous Sandstone.

## STANTON QUARRY

POSTCODE: S66 7RH

**Stanton Quarry**  
**Ruddle Mill Lane**  
**Stanton**  
**Maltby**  
**S66 7RH**

Stanton Quarry is conveniently located close to both the M18 and M1, nearest junction 1 of M18. The quarry is located on an outcrop of Carbonate Dolomitic rock of the Cadeby Formation of Permian Age. The aggregates crushed from this deposit are a hard Dolomitic Limestone.

Marshalls has quarried stone in the UK since 1890 and you will find examples of the dressed stone produced by Marshalls quarries in most cities the length and breadth of Britain.

The expertise gathered for over a century means Marshalls is also ideally placed to extract and refine the quality sands and aggregates needed for Britain's construction industries.

So next time think of Marshalls for your groundworks materials too.
