Saxon 600 x 450 x 63

Date Created: 07/02/19

Marshalls Saxon Textured Flag Paving is designed to provide a unique surface finish through its blend of a hard Yorkstone aggregate. The manufacture of the paving stones, in which Saxon Paving is given its textured finish, means that it delivers both durability and non-slip properties.

With an extensive range of thicknesses and sizes available, Marshalls' Saxon Textured Flag Paving is suitable for any landscape application.

Trafica formats and the optional use of patented Fibre Reinforcement also means that Saxon paving can be deployed in areas of variable loading requirements.

The paving is available in 3 colours - Natural, Buff and Charcoal. Additionally, a comprehensive choice of plan sizes is offered including Step Tread formats. Other products in the Saxon range include Saxon Bollard Surround Units and Saxon Kerb, allowing designers to create a uniform finish.

| DESCRIPTION | |
|--------------------------------------|--|
| Appearance | Solid unit with textured surface |
| Manufacturing Process | Hydraulically pressed concrete |
| Base Raw Material | Concrete |
| Governing Manufacturing Standards | All data where relevant to be established in accordance with BS EN 1339 : 2003 |
| CE Marking/DOP | https://www.marshalls.co.uk/dop |
| NBS Specification | Q25 315 |
| | |

Saxon 600 x 450 x 63

| PHYSICAL PROPERTIES | | |
|---------------------------------------|---|-----------------------|
| Tolerances | Minimum (mm) | Maximum (mm) |
| Length | 596 | 600 |
| Width | 446 | 450 |
| Thickness | 60 | 66 |
| Work Dimensions (mm) | 598 x 448 x 63 | |
| Nominal Dimensions (mm) | 600 x 450 x 63 | |
| Tolerances on Work Dimensions (mm) | Length ±2mm, width ±3mm | ±2mm, thickness |
| Abrasion Resistance (mm) | ≤ 23mm (Wide Whe | el Abrasion Test) |
| Durability (Freeze-thaw) | ≤ 1.0 kg/m² as a mea value > 1.5 kg/m² | an with no individual |
| Material Density | 2300 kg/m³ (typically |) |
| Slip/Skid Resistance (polished) | Mean polished skid resistance value (PSRV) : > 45 | |
| Slip/Skid Resistance (unpolished) | Mean unpolished sk (USRV) : > 45. | kid resistance value |
| Thermal Conductivity (K value) | Design data as defin | ed to BS EN 13369 : |

| SPECIFICATION | |
|---------------------------|---|
| Approx unit weight (kg) | 40 |
| Emission of Asbestos | No content |
| External Fire Performance | Deemed to satisfy. See commission decision 2000/553/ECU |
| Reaction to fire | Class A1, see commission decision 2000/605/EC |

| SUSTAINABILITY | |
|------------------|---|
| Breeam | These units can achieve an "A" rated system when used in conjunction with the correct sub-base components |
| Carbon Footprint | 22 kg CO2 m² |

| APPLICATION | |
|------------------------|--|
| Loading Classification | Category 6 - 10 large goods vehicles per week (0.15 msa) |

| SITE WORKS | |
|---------------------------------|--|
| Coverage | 3.7 no per m² |
| | |
| SUPPLY | |
| Av. pack size (m ²) | 4.3 |
| Units Per Pack | 16 |
| Av. pack weight (kg) | 634 |
| Packaging | All packs are suitable for crane off-load Fork lift off-load on request |
| | |

| Packaging | All packs are suitable for crane off-load Fork lift off-load on request |
|------------------------|---|
| | |
| FURTHER INFORMATION | |
| Cleaning & Maintenance | Cleaning & maintenance details are available on request |
| Efflorescence | Any product containing cement during its early life may exhibit a temporary white discolouration known as efflorescence. This is not a product fault and will gradually disappear with exposure to natural weathering and trafficking |
| Weathering | It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual units. This does not in any way affect the performance of the units and any such variation will diminish over a period of time as the product matures. |
| Product Evolution | The evolution of new product design is continuous and information is subject to change without notice. Customers should check with the supplier to ensure that they have the latest details. Marshalls reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice |
| Contact Us | For technical information on the design, specification and construction when utilising the product, contact the Technical Advisory Services Department on 0370 411 2233 |
