Epoch Rustic Walling 365 x 100 x 140mm

Date Created: 07/02/19

Epoch reconstructed stone walling is specifically designed to fit in with existing, weathered walling. The rustic finish gives the appearance of weathered, reclaimed sandstone.

Epoch walling is manufactured using the latest technology processes ensuring consistent and high technical performance characteristics.

The product conforms to all the relevant standards and is not subject to deterioration by either the ingress of grime and dirt or frost attack.

Offered in a 140mm course height and 3 varying lengths, each size is selected to ensure the overall appearance looks natural.

| DESCRIPTION | |
|--------------------------------------|---|
| Manufacturing Process | Hydraulically pressed concrete |
| Base Raw Material | Concrete |
| Governing Manufacturing Standards | All data where relevant to be established in accordance with BS EN 771-5 : 2011 + A1 : 2015 |
| CE Marking/DOP | https://www.marshalls.co.uk/dop |
| NBS Specification | F10 20 F10 290 |

Date Created: 07/02/19

Epoch Rustic Walling 365 x 100 x 140mm

| PHYSICAL PROPERTIES | |
|---------------------------------------|--|
| Work Dimensions (mm) | 365 x 100 x 140 |
| Nominal Dimensions (mm) | 365 x 100 x 140 |
| Tolerances on Work Dimensions (mm) | Length +3 -5mm, width +3 -5mm, height +3 -5mm |
| Durability (Freeze-thaw) | Frost resistant |
| Material Density | 2300 kg/m³ (typically) |
| Thermal Conductivity (K value) | 1.27 W/mK @ P=50%1.42 W/mK @ P=90% |
| Compressive Strength (MPa) | Mean compressive strength of not less than 20N/mm² with a characteristic compressive strength of 17.5N/mm² |
| Water Absorption (%) | ≤3g/m²s |
| Water Vapour Permeability | 30/100 µ |
| Shear Bond Strength | 0.15 N/mm² |
| Dimensional Stability | 0.89 mm/m |

| SPECIFICATION | |
|--|--|
| Approx unit weight (kg) | 12 |
| Selection Of Mortar | It is recommended that the guidelines provided in BS EN 1996 - Design of Masonry Structures be taken into account before a final choice is made |
| Emission of Asbestos | No content |
| Reaction to fire | Class A1, see commission decision 2000/605/EC |
| Dangerous Substances | No performance declared |
| Movement Joints | Spacing and width should be based on the guidelines provided in BS EN 1996 - Design of Masonry Structures |
| Reaction to fire Dangerous Substances | No content Class A1, see commission decision 2000/605/EC No performance declared Spacing and width should be based on the guidelines provided in BS EN 1996 - |

| Carbon Footprint | Available on Request |
|------------------|--|
| APPLICATION | |
| Suitability | Suitable for general walling projects, given correct structural design in accordance with BS EN 1996 - Design of masonry structures |

| SITE WORKS | |
|------------------------|--|
| Installation | Installation details are available on request |
| SUPPLY | |
| Av. pack size (m²) | 5 |
| Units Per Pack | 90 |
| Packaging | All packs are shrinkwrapped onto pallets for fork off-load or crane off-load if necessary |
| FURTHER INFORMATION | l |
| Cleaning & Maintenance | Cleaning & maintenance details are available on request |
| Efflorescence | Any product containing cement during its early life may exhibit a temporary white discolouration known as efflorescence. This is not a product fault and will gradually disappear with exposure to natural weathering and trafficking |
| Weathering | It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual units. This does not in any way affect the performance of the units and any such variation will diminish over a period of time as the product matures. |
| Product Evolution | The evolution of new product design is continuous and information is subject to change without notice. Customers should check with the supplier to ensure that they have the latest details Product Evolution Marshalls reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice |
| Contact Us | For technical information on the design, specification and construction when utilising the product, contact the Technical Advisory Services Department on 0370 411 2233 |
