Drivesys Riven Stone

Basalt

Design &amp; Install by Gary Pearce Landscapes Ltd, Shrewsbury

# DRIVESYS® RIVEN STONE

Patented Driveway System

Silver Grey (SG)

Basalt (B)

## A subtle riven surface with sharp clean lines

An elegant driveway system replicating lightly riven stone face profiles complemented by crisp, straight edges, offering an attractive and cost effective alternative to natural stone. Practical, hardwearing colour and finish.

To complete every Drivesys driveway, each pack is supplied with the right amount of ready mixed jointing compound, minimising fuss and number of deliveries.

Drivesys blocks come with a protective transportation seal which will remain slightly slippery underfoot until weathered. Once dissipated blocks may appear lighter in colour.

Marshalls recommends the patented Drivesys Driveway system is installed by Marshalls Register Installers.

	Sizes mm (nominal)	No. item/pack	Area (m <sup>2</sup> /pack)	Colours	Order Select
Mixed Size Pack	220 x 160 x 60	50	4.51	SG B	✓*
