## Praga Granite

\*It should be noted that colour variations and markings are characteristic of Natural Stone. Inherent variations cannot be controlled nor the precise shade of stone guaranteed.

Praga granite is suitable for both pedestrian and vehicular trafficked areas. A hard wearing blue grey granite it is available in flame textured, fine picked and polished finishes and across all product areas such as paving, setts, kerbs, tactile, steps, water management, street furniture or other bespoke specialised masonry items.

Granite is a tough durable material which can be fashioned into a wide range of Landscape products and provides a very modern aesthetic.

Marshalls supplies a comprehensive range of granites, which are all UKCA marked. Beyond the standard products, you can also contact us to order bespoke items made to your specifications.

| DESCRIPTION                          |                                                                                                                       |
|--------------------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Appearance                           | A pale grey bluish                                                                                                    |
| Manufacturing Process                | Sawn                                                                                                                  |
| Geological Type                      | Granite                                                                                                               |
| Quarry of Origin                     | Vietnam                                                                                                               |
| Governing Manufacturing<br>Standards | All data where relevant to be established in accordance with BS EN 1341 : 2012, BS EN 1342 : 2012 & BS EN 1343 : 2012 |
| Petrographical Description           | A pale grey bluish, mainly medium to sporadically coarse grained granite.                                             |
| UKCA Marking/DOP                     | https://www.marshalls.co.uk/declarations                                                                              |
