Marshall's GREEN-AWAY® comes in a handy 5L bottle covering upto a huge 300m² area when using our 12L professional sprayer!!

Simply spray on and leave it to do its magic...

Simply dilute 1 part Green-Away to 5 parts water into your professional sprayer.

Top tip: always add Green-Away to your water and not the other way around and use a 1L measuring jug to ensure the correct dilution.

Apply on a dry day when rain is not forecast within 6 hours. The best time for application is in the late afternoon to avoid immediate evaporation.

Always apply onto a dry surface and thoroughly saturate the surface with Green-Away, then leave to activate.

Top tip: Do not rinse the Green-Away off the area.

The product re-generates with rain to remove all green stains and detritus over the course of the next month and will last upto 12 months, dependant on the surroundings and level of contamination.
