Driveline Drain®
Accessory Pack

Driveline Drain® is our patented and innovative concrete drainage system, which is designed to help reduce the risk of flooding and surface water.

Designed to work with both contemporary and traditional styled projects, Driveline Drain® will complement any new build property and add to its overall kerb appeal.

Straightforward installation makes it easy to finish off your block paving driveway project with this concrete drainage. Easy maintenance is achieved through using the matching accessories to allow easier access into the drain.

This product comes in two popular colours, Natural and Charcoal, and provides a more attractive solution compared to metal or plastic drainage alternatives.

DESCRIPTION

Manufacturing Process	Semi dry pressed & vibrated concrete
Base Raw Material	Concrete
CE Marking/DOP	https://www.marshalls.co.uk/dop

Driveline Drain®

Date Created: 11/09/20

PHYSICAL PROPERTIES

Work Dimensions (mm)	Driveline Drain ® 150 x 100 x 168mm
Water Tightness	Water tightness Passes BS EN 1433 test.

SPECIFICATION

Approx unit weight (kg)	4.4
Emission of Asbestos	No Content

APPLICATION

Application	Suitability B125 makes Driveline Drain® suitable for patio, driveway and footpath applications
Loading Classification	B125

PERFORMANCE

Discharge of cross section	3848mm ²
Sealing of joints	Completed by the use of Sikaflex® EBT between units. Please refer to installation guidelines for more detail.

SUPPLY

Units Per Pack	240
Av. pack weight (kg)	1056
Packaging	Banded & shrink-wrapped onto non-returnable pallets

SUSTAINABILITY

Carbon Footprint	kg CO2 lin m
