## DESIGN INSPIRATION

# A NEW ERA IN MODULAR DESIGN...

*Inspired by the versatility that material choice brings...*

Urbain® is a modular seating system designed to fit perfectly into a number of urban settings. The collection comprises of an interchangeable bench, seat and table allowing for greater modification.

The customisable seating arrangement includes a breadth of options ranging from armrests, single, double and triple backrest variations and table attachments. The multiple leg options enable double benches as well as angled corner pieces to create dynamic runs.

Urbain® is created using FSC®-certified hardwood with mild steel arms, legs and connector parts. These can be customised in a range of RAL or fossil effect powder coats adding to the industrial inspired, yet contemporary look.

The bench and seat legs are also available in a selection of 6 natural stone colour variations across 3 styles for a more natural appearance.

# RANGE OVERVIEW

Modules shown in FSC®-certified hardwood timber with a mild steel frame, ADAPTA powder coat in Bronze

DESIGN INSPIRATION

## ENHANCE YOUR SPACE...

### KEY FEATURES

- Modular seating arrangement including an interchangeable bench, seat and table allowing a variety of armrest, backrest and side table options
- Multiple leg options allowing double benches as well as angled corner pieces to create dynamic runs
- Generous 1900mm long x 500mm wide timber seating area, with an overall length of 2400mm for a standalone unit
- FSC®-certified hardwood seating slats as standard with other timber species available on a bespoke request
- Mild steel arms and legs available in 7 colour variations including RAL or ADAPTA powder coats
- The bench and seat leg options are also available in natural stone which is available in a choice of 6 colours across 3 different styles

# IT'S A MATTER OF MATERIALS

## *FSC®-certified Red Grandis Hardwood*

The FSC®-certified European hardwood is responsibly sourced from well managed forests making it a sustainable choice. With its soft grain formation and fine, uniform texture, the material offers medium durability suitable for exterior use. Other timber species are available on a bespoke request.

Red Grandis

## *Mild Steel*

Mild steel is an exceptionally strong material making it ideal for street furniture applications, having the ability to withstand high impact without becoming severely damaged. Our mild steel is coated in a zinc rich primer before being powder coated, giving extra protection from corrosion.

### *RAL and ADAPTA Powder Coat Colours:*

Our mild steel is available with a polyester powder coating. This provides resistance to chips and abrasions and has excellent colour retention in outdoor exposure.

The RAL powder coat colour variations include:

Steel Blue

Light Grey

Anthracite  
Grey

Jet Black

Pebble  
Shore

Corten

Bronze

The ADAPTA powder coat options imitate metal oxidization and include:

## *Natural Stone*

Natural stone is an incredibly strong and long-lasting material, requiring very little maintenance. Providing an appearance of elegance and beauty, every stone is unique with its own special veining, colouring and natural characteristics.

The bench and seat legs are available in natural stone sandstone and granite across 3 different styles and various finishes. These include:

Brackendale

Brownridge

Laurel Bank

Sander Red

Thornlake

Callisto

.....*Granite*.....

# CREATE SOMETHING UNIQUE

*The design possibilities are endless with the Urbain® seating system.*

Available in a range of standard configurations, Urbain® is also completely modular, offering unlimited flexibility.

Select from a choice of bench or seat legs and a range of backrests and customisable extras. Create shapes with 45°, 90° or end to end mild steel connectors, available in a selection of 7 mild steel colour variations to compliment your scheme.

## step1 start with the legs

**Handy Tip**  
To really make a statement with your design, different legs can be used from one end to the other.

a. angled leg

b. end panel leg

**Leg options**  
b, c, d, e & g are ideal if the space is limited

c. post leg

e. stone block leg

f. stone outer leg

g. stone mid block leg

**Table legs are only available with seating base opt 0 as table top**

h. table leg

## step2 select your seating configurations

**Please select 1lh for your single backrest to be placed on the left side & 1rh for placement on the right. For both please select 1lhrh.**

0. base

1. single backrest

2. double backrest

**Please select 2lh for your double backrest to be placed on the left side & 2rh for placement on the right.**

3. triple backrest

## step3 add your customisable extras

i. bench/seat top table

j. arm

**Arms can be added to all seating options.**

## step4 create seating shapes

4. end to end

5. 45°

6. 90°

**Please note that the backrests, armrests and connector parts are available in mild steel in a range of RAL and ADAPTA powder coats**

## step5 select colours & finishes
