

PATIO

Perfection

Make integrated seating a feature of your garden design.

SEATING

“The cedar fencing is a dominant feature of this modern garden design, and the warm tones of the Elements Corten Copper compliment it perfectly, whilst elegant, period patterns of the Ornate Matte stand out against this backdrop, guiding the visitor on a journey around the garden, taking in the stylish planting, fire pit and water feature along the way, to finish at one of the seated enclaves.”

PATHS

Introduce a mix of colours, sizes and planting to create an eye-catching contrast along your paths.

STEPS

Bring your step risers to life with a complementary feature pattern tile.

SYMPHONY® Matte Ornate (pg42)

SYMPHONY® Elements Corten Copper (pg40)

SYMPHONY® Elements Metallic Grey (pg41)
