

Sawn Versuro® Paving 855 x 570 x 22mm

The Sawn Versuro garden paving collection is the ultimate in high end, contemporary design. Upgrade your garden with this luxurious, warm, natural Indian sandstone, available in four stunning neutral colour ways.

This versatile range combines aspirational looks and performance with durability and elegance. Its lightly blasted surface brings to life the natural character and elegance of this sandstone. The innovative texturing used in the processing of Sawn Versuro is unique to Marshall's and adds practical non-slip properties whilst maintaining the natural colour inherent within the stone.

All stones within this range are covered by the Marshall's Stone Standard quality mark that gives you complete assurance that your stone will stand the test of time. Complete your project with our stunning Sawn Versuro Walling, Sawn Versuro Edging or Sawn Versuro Steps to give you the ultimate garden transformation or for a similar product to Sawn Versuro take a look at our other products available in our Sandstone Paving Range.

DESCRIPTION	
Appearance	Fine grained, hard sandstone, varies from dark buff to brown with a sawn finish
Geological Type	Sedimentary Sandstone
Quarry Location	Quarries in the Rajpoora region of India
Base Raw Material	Natural Stone
Governing Manufacturing Standards	All data where relevant to be established in accordance with BS EN 1341 : 2012

Sawn Versuro® Paving 855 x 570 x 22mm

PHYSICAL PROPERTIES

Work Dimensions (mm)	855 x 570 x 22
Abrasion Resistance (mm)	≤ 23mm (Wide Wheel Abrasion Test)
Durability (Freeze-thaw)	NA
Material Density	2600 kg/m³ (typically)
Slip/Skid Resistance (polished)	> 45 PSRV
Slip/Skid Resistance (unpolished)	58 USRV
Transverse/Flexural Split/Breaking	13.0 MPa (minimum)
Water Absorption (%)	1% maximum

SPECIFICATION

Approx unit weight (kg)	27
Installation	Available on request Keep all units dry before laying & protect incomplete workings during adverse weather or freezing conditions

SUSTAINABILITY

Carbon Footprint	45
------------------	----

SUPPLY

Av. Pack Size m2	17.06
Av. pack weight (kg)	1011

FURTHER INFORMATION

Cleaning & Maintenance	Available on request
Weathering	Both natural and reconstructed stone products are affected by the action of sunlight and rainfall over time. Weathering It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual units. This does not in any way affect the performance of the units and any such variation will diminish over a period of time as the product matures. Natural stone may show brown colouration as its iron content oxidises.
Product Evolution	Marshall's reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice
Contact Us	For technical information on the design, specification and construction when utilising the product, contact Group Technical Services on 0370 411 2233
