

## Weatherpoint® 365

Weatherpoint® 365 is a firm favourite among both trade professionals and the do-it-yourself crowd because it is so easy to use. Don't believe us? Watch this step-by-step guide video and take a look at the easy-to-follow directions below.

With no mixing or waste, this, all-weather jointing compound speeds up installation times, reduces labour involvement and can be laid year round, come rain or shine. Its the perfect DIY jointing solution to replace old, tired and crumbling mortar.

Suitable for use with all patio paving materials, excluding Granite and Marble – to choose the perfect jointing compound for your project, see our handy Jointing Compound Mini Booklet.

Weatherpoint® 365 will withstand light pressure washing.

DESCRIPTION	
Base Raw Material	Sand & Polymeric binder
Type	Highly advanced polymeric modified sand binder, ready mixed jointing compound
Governing Manufacturing Standards	In-House Company Specification

## Weatherpoint® 365

### PHYSICAL PROPERTIES

#### SPECIFICATION

Approx unit weight (kg)	15
Installation	Patio & pathways for domestic pedestrian use only Not suitable for use with Granite or Marble paving or around a swimming pool, hot tub or on balconies Can be applied in wet or dry weather conditions but water must always be added Always install ample falls to take surface water to a drain or soakaway and always install on a free-draining sub-grade Drainage holes should be used when paving is laid on a full mortar bed. Pour Jointing Compound onto saturated paving. Brush into joints & sweep up excess material. Keep saturating area with water to activate. Ensure residue is washed away to avoid surface staining. Leave to dry

#### FURTHER INFORMATION

##### Cleaning & Maintenance

Available on request

##### Weathering

It should be appreciated that with all products weathering and site conditions can cause shade variation to appear across the surface of individual units. This does not in any way affect the performance of the units and any such variation will diminish over a period of time as the product matures.

##### Product Evolution

Marshalls reserve the right to amend the technical information as deemed necessary and in accordance with the relevant national and international standards without notice
